# Tunji Alagbe

PLANO, TX | 214-701-4909 | Tunjialagbe645@gmail.com

**Data Engineer / Data Analyst**

## Professional Summary

Highly motivated Data Analyst/Data Engineer with over 9 years of IT experience specializing in Data Warehousing, Business Intelligence (BI), and Cloud Analytics. Proven track record in designing scalable ETL pipelines, complex data modeling, and interactive Power BI dashboards. Demonstrated ability to optimize data processes, including a documented 25% increase in operational efficiency through advanced data cleaning and automation.

**Data Engineering:**

- ETL/ELT Development, Data Warehousing (EDW), Master Data Management, SQL Server Development (T-SQL).

**Cloud Platforms:**

- Microsoft Azure (Data Factory, Azure SQL, Blob Storage, Synapse Analytics).

**Business Intelligence:**

- SSIS (Integration Services), SSAS (Analysis Services - Tabular/Multidimensional), SSRS (Reporting Services).

**Data Visualization:**

- Power BI (DAX, Power Query), Dashboard Design, Stakeholder Reporting.

**Data Science & Analysis:**

- Data Collection, Statistical Cleaning, Exploratory Data Analysis (EDA), Data Modeling.

## TECHNICAL SKILLS

- **Databases:** MS SQL Server (2012-2022), Azure SQL Database, Azure Synapse.
- **ETL Tools:** SSIS, Azure Data Factory (ADF).
- **Reporting Tools:** Power BI, SSRS, Excel (Pivot Tables, Power Pivot).
- **OLAP Tools:** SSAS (Tabular & Multidimensional models).
- **Languages:** T-SQL (Advanced), DAX, M-Query, Python (Basic/Data Analysis).

## PROFESSIONAL EXPERIENCE

**Senior Data Engineer/Analyst| Andrews Distributing - Dallas, TX | 06/2023- present**

- Lead the architecture and migration of on-premise SQL Server data to Azure Cloud, utilizing Azure Data Factory for seamless ETL orchestration.
- Designed and implemented end-to-end BI solutions using the MSBI Stack, reducing manual reporting time by 40%.
- Developed complex Power BI dashboards for C-suite executives, integrating data from diverse sources (SQL, APIs, Flat Files) to provide real-time business insights.
- Optimized T-SQL queries and stored procedures, resulting in a 25% increase in data processing efficiency and reduced server load.
- Performed extensive data cleaning and validation to ensure 99.9% data accuracy across global data centers.

**Data Analyst / SQL Developer | Pearson Education Limited| Dallas, TX | 07/2020- 01/2023**

- Developed and maintained SSIS packages to extract, transform, and load data from heterogeneous sources into centralized Data Warehouses.

- Built and deployed SSAS Tabular models to support self-service BI, enabling business users to perform ad-hoc analysis.
- Created paginated reports using SSRS for operational tracking and financial auditing.
- Collaborated with cross-functional teams to define KPIs and translate business requirements into technical specifications.
- Executed data modeling strategies (Star Schema, Snowflake Schema) to optimize reporting performance.

**BI Developer | Wells Fargo & Company | Chandler, AZ| 01/2015-07/2020**

- Authored advanced T-SQL scripts, including stored procedures, functions, and triggers, for database automation and maintenance.
- Assisted in the migration of legacy reporting systems to modern BI platforms.
- Conducted root-cause analysis on data discrepancies and implemented automated cleaning scripts to improve data integrity.
- Provided technical support and training to end-users on Power BI and SSRS reporting tools.

## EDUCATION & CERTIFICATIONS

**Master of Science in Data Analytics: *cum laude*-** Southern New Hampshire University, NH

**Bachelor of Science in Information Technology: *magna cum laude* |** Western International University, AZ

**Certified Scrum Master|** Scrum Alliance

**Azure Data Engineer Associate (DP-203): Business Microsoft Certified**

**Power BI Data Analyst Associate (PL-300): Microsoft Certified**

**SnowPro Core Certification: Snowflake**

**MCSE: Data Management and Analytics**
